* Commission on starter kits is paid out at 20-32%, depending on total monthly volume. Kits may only be ordered during the registration process and have no catalog IDs. Gluten-free versions of each kit are available at the same price.

*Specialty packages are deeply discounted packages that may only be purchased through a consultant. These packages are not visible on the Thrive Life website; consultants must place these orders through My Office by entering the catalog ID of the product. Because they have no retail price, they may not be purchased using host benefits; however, they do count toward party totals for host benefit rewards.

†Specialty items are items that have a deeply discounted Party/Q price.

There are three sizes of tracks designed to hold various sizes of cans. Standard configuration refers to the number of rows of a particular system.

S = Small row. Holds regular cans, i.e. tuna, vegetable, soup.

M = Medium row. Holds medium cans, i.e. larger fruit.

L = Large row. Holds #10 or gallon size cans.

D = Drawer row. Holds an area of 32" x 17.5".
